

LA-SR02 Smartflow® Heavy Duty Smartphone for the industrial sector from LASEC® series.

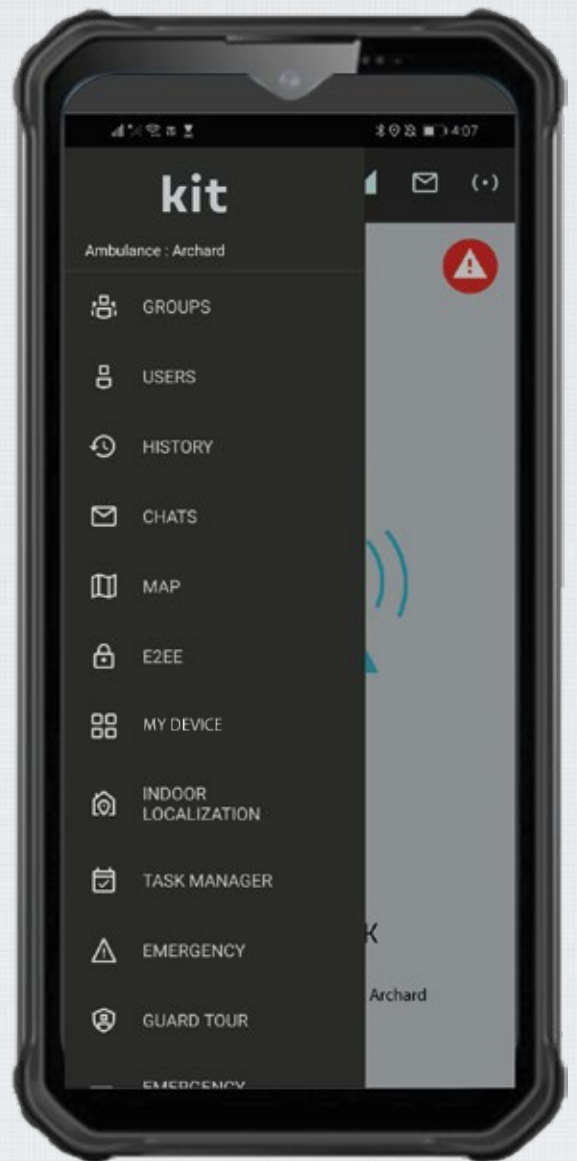

The **LA-SR02** heavy-duty phone has the largest speaker available for smartphones, which guarantees great audio quality. It also has background noise cancellation which provides clear audio for better voice clarity during calls.

The **LA-SR02** has the reverse charging function, which allows it to be used as a battery bank to power via USB any device that requires power in a given case of Emergency.

Designed to resist:

Specially designed to withstand extreme environments, the **LA-SR02** is durable. It has IP68 waterproof, IP69K dustproof and highly resistant to shocks, drops, vibrations and extreme temperatures. It can survive drops underwater and a sudden downpour. The use of two layers of SAATI Acoustex mesh protects the speaker from dust, metal particles and liquids while allowing sound to pass through.

Supports water depths of up to 1.5m.
Resists falls of up to 1.5m.
Protection against dust, sand, etc.
